僑務委員會為鏈結臺灣優勢、帶動海外臺商品牌發展,自2021年首度辦理「海外臺商精品選拔暨輔導活動」,期盼以共同通路整體行銷概念,帶動海外臺商產業發展、降低品牌行銷成本並提高效益。歷經前2屆賽事,已選拔出30件獲獎精品。為擴大活動效益,特於113年第3屆活動增加參賽產品至11組類別,並配合聯合國永續發展目標,在評分項目上新增「永續發展」項目,鼓勵今年更多元且具創新性的產品參賽。

選拔活動分為海外初選與臺灣決選兩階段,第一階段由 5 個國家,9 個地區辦理海外初選。經過嚴格的海外初選,評選出入圍臺灣決選名單並進入決選階段。第二階段「臺灣決選」由評審委員依「研發」、「設計」、「品質」、「行銷」、「臺灣鏈結」、「永續發展」六項選拔項目進行書面審查,再經參賽企業展示產品設計理念、品質及市場優勢等面向進行產品評鑑。113 年第 3 屆海外臺商精品獎最終選拔出 12 件優質精品,其中 5 件金質獎,7 件銀質獎,可獲得獎企業輔導推介服務,協助海外僑臺商品牌在全球市場上創造更多價值,共同打造臺灣成為經濟日不落國。

The Overseas Community Affairs Council, R.O.C (TAIWAN) (OCAC), aiming to leverage Taiwan's strengths and boost the brand development for overseas Taiwanese business, has organized the "Selection and Counseling Activities of the Taiwan Prime Awards" since 2021. This initiative is designed to use a unified marketing approach to drive the growth of overseas Taiwanese businesses abroad, reduce brand marketing costs, and enhance effectiveness. Over the first two editions of the event, 30 award-winning products had been selected.

To expand the impact of the event, the third edition in 2024 increased the number of product categories to 11. Additionally, in alignment with the United Nations Sustainable Development Goals, a new "Sustainable Development" category had been added to the evaluation criteria to encourage the participation of more diverse and innovative products this year.

The selection process was divided into two stages: Overseas Preliminary Selection and Taiwan Finals. In the first stage, preliminary selections were conducted in 5 countries and 9 regions. After a rigorous initial review, a shortlist of candidates was selected to advance to the Taiwan Finals. In the "Taiwan Final," products were evaluated by judges based on six criteria: "Research and Development," "Design," "Quality," "Marketing," "The Link with Taiwan," and "Sustainable Development." Participants then presented their products' design concepts, quality, and market advantages for further assessment.

For the 3rd Taiwan Prime Award in 2024, 12 top-quality products had been selected, including 5 Gold Awards and 7 Silver Awards. Award-winning companies will receive guidance and promotional support to help their overseas Taiwanese brands create more value in the global market, contributing to Taiwan's rise as a powerhouse of economic success.

用

過去,臺商在全球供應鏈中經常扮演代工的角色, 近年因為國際市場供應鏈重組、產業轉型、通路等壓力, 不少企業意識到擁有「產品主權」的重要性,紛紛投入 自主品牌的發展,然而,從 OEM 到發展品牌的一路上 都充滿了挑戰。

為輔導海外臺商事業發展、鏈結臺灣優勢及推廣自有品牌,僑委會從 110 年起開始辦理「海外臺商精品選拔活動」,希望透過「雙品牌」概念,就是海外臺商精品的頭銜跟臺商自有品牌,再加上國際社會對臺灣的友善度與信任感,一起提升臺商品牌價值。歷經前 2 屆的

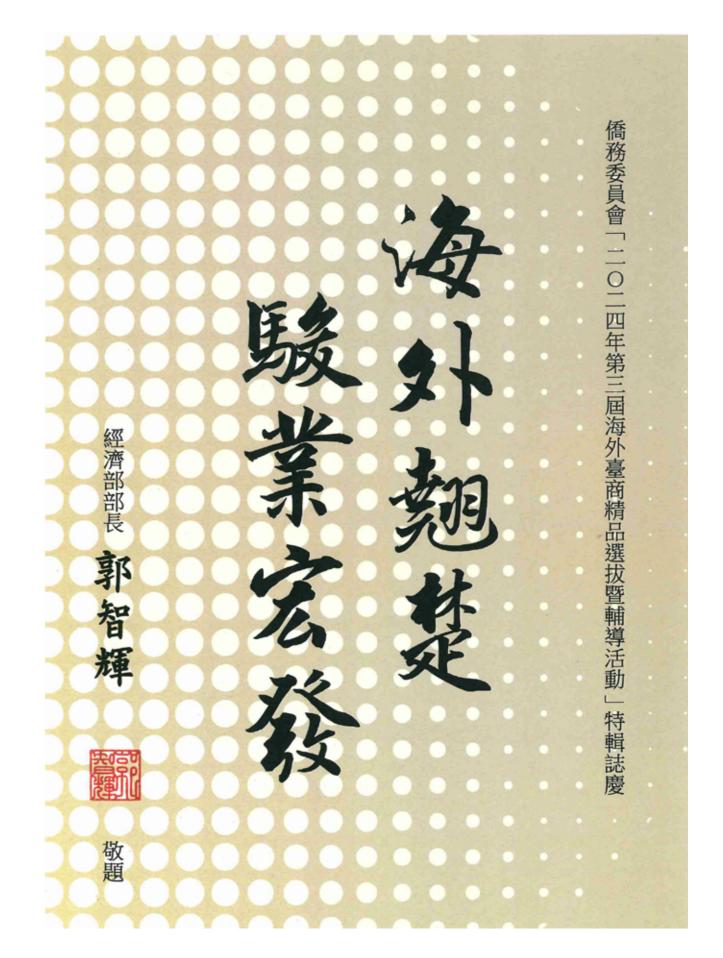

努力,已選拔出 30 項精品,其中 14 件獲得「海外臺商精品金質獎」,16 件獲得「海外臺商精品銀質獎」 的殊榮。

今年,我們將選拔的產品類別增加至 11 組,希望看到更多優秀的臺商產品報名參加。經過海外初選及臺灣決選,我們看到豐富且新穎的參賽產品類型,許多產品採用 AI 人工智慧來設計研發或提供服務,不僅與時代接軌,更富含高科技技術能量。最終,選拔出 5 件「海外臺商精品金質獎」及 7 件「海外臺商精品銀質獎」精品。

本屆 12 項獲獎產品來自美國芝加哥、洛杉磯、舊金山灣區、休士頓、越南、泰國等地,獲獎企業除了享有海外信用保證基金專案信用貸款保證、國際會計事務所諮詢及外貿協會品牌輔導課程資源外,另提供 ICRT 英語廣播電臺 Podcast 專題採訪、廣告投放、電商轉型課程及參訪商機媒合等輔導推介服務,希望以此提升臺商企業整體競爭力,攜手臺商立足臺灣、布局全球、行銷全世界,打造臺灣成為經濟日不落國!

Wabi LED 紫外線智慧型 消毒烘乾機 Ultra Wabi UVC LED Sanitizer & Dryer Ultra

企業簡介

Wabi 位於美國德州達拉斯,十多年來,我們一直專注於為新手父母提供創新產品,不斷提升他們的生活品質。我們的產品不僅經過精心設計,使用來自韓國的頂級材料製造,也是少數符合美國食品局和環保局嚴格標準的產品。這些創新不僅體現在高效與易用上,也體現了我們對環保的承諾。

12年前,我們在美國市場上率先推出了帶烘乾功能的蒸汽消毒器,這是對當時市場上同一類型產品一次重大突破。當時,許多人還在依賴傳統的消毒方式,我們卻已經著眼於如何讓新手父母的生活變得更輕鬆。接著,2015年,我們再次領先市場,成為首家

將紫外線技術引入消費級產品的品牌。以往紫外線只限於工業級醫療級類產品,當大多數人還不熟悉這項技術時,我們已經看到了它的潛力,並將其融入到一般消費者的日常生活中,為父母們提供更高效、更安心的消毒解決方案。

Wabi 提供的不僅僅是產品,而是幫助父母節省寶貴時間,讓他們能夠專注於與家人共度的美好時光。

COMPANY PROFILE

Wabi has been committed to providing innovative sanitizing solutions that make life easier for new parents. Headquartered in Dallas, Texas, our mission goes beyond just delivering products—we aim to alleviate the daily stresses of parenthood. By sourcing premium materials from South Korea and adhering to the highest US FDA and EPA standards, we ensure every product meets our rigorous quality benchmarks and is efficient, easy-to-use, and environmentally friendly.

Twelve years ago, we disrupted the market by launching the first steam sterilizer with a built-in dryer—a real game-changer in disinfection market. While others were stuck on the old methods, we were busy finding better solutions for new parents. Fast forward to 2015, and we led the game again, becoming the first to introduce UVC technology to consumer-grade products. UVC had long been used in industrial and medical settings, but most consumers weren't familiar with it. We saw the potential and turned it into a daily consumer product, giving parents a safer and more efficient way to protect their families.

At Wabi, we're not just delivering products; we're delivering peace of mind. By saving parents precious time, we're helping them focus on what really matters—creating those priceless moments with their loved ones.
